

The Young Jewish Professionals of New York City

121 W. 19th St. | 646-202-1685 | www.yjpnewyork.com | info@yjpnewyork.com About
the YJP

The Young Jewish Professionals (YJP) is a grassroots organization dedicated to the creation and advancement of social and business opportunities for New York City's young and Jewish professionals.

Regularly orchestrating high-profile social events and evenings attended by hundreds of New York's Jewish socialites, the YJP's stellar standards have come to be recognized as the trend setters and forerunners of the entire New York Jewish social scene.

The YJP has also acquired a space and art gallery in the heart of Chelsea, where young Jews in their 20's and 30's can meet in a welcoming, congenial, stylish and relaxed setting.

We serve as a hub for social, professional networking and cultural events for Jews of all backgrounds to foster personal growth, social change, and communal connection. Our platform provides the ability and opportunity for young professionals to participate in strengthening the Jewish community through involvement, hands-on volunteering and philanthropy in New York City.

The Young Jewish Professionals is a 501(c)3 non-profit charity organization.

You company can partner with the YJP at our March 18 event by becoming a sponsor.

A business is a sponsor when they donate \$3600 in donation, products, or services.

The benefits of being a Corporate Sponsor:

1. Ten tickets to the event (each ticket is worth \$100)
2. The business logo will be electronically displayed on the wall, on our website and on face book
3. The business logo will be displayed on the step-on-repeat
4. The business will get an award at the event

The event on March 18th will be raising money for Friendship Circle:

The Friendship Circle is a unique organization with a refreshing approach to helping families of children with special needs. Our innovative programming and creative activities are designed to foster a relationship between community teenagers and the children by drawing on the love, boundless energy and dynamism of our teenage population.

Our community is not complete unless we include every man, woman and child and notably our children with special needs.

The Circle enriches all who participate. **Children** with special needs enjoy regular opportunities to play and socialize. Their **parents** enjoy the regular respite they need to recharge. And the **teenagers** become empowered as their moral character grows. The bonds that ensue create an **everlasting friendship**.

Your support for this wonderful program will help us serve more children with special needs and allow us to develop new programs for The Friendship Circle. This will include a Sunday Circle, holiday programs, birthday parties and much more.
